

ISR SUMMER XIV SEMINAR 14TH TO 16TH JULY, 2023 GENOA, ITALY

DAILY SCHEDULE

- 09.00-10.30 Theoretical Presentation
- 10.30-11.00 Coffee break
- 11.00-12.00 General discussion and preparation of small groups
- 12.00-14.00 Lunch
- 14.00-15.30 Small groups working on the protocol
- 15.30-16.00 Coffee break
- 16.00-16.30 Summary from each group coordinator
- 16.30-17.30. Final comments from Discussant and Questions.

When attending this seminar, you will be joining a small elite group of Rorschach scholars who want to delve further into the method. There will be many opportunities for active participation, profit from the teachings, learnings, collaborations, networking, and camaraderie. This event is meant to generate new insights through cross-fertilization of ideas and move the field forward, while at the same time create a community of mind-like practitioners and scholars.

FACULTY

Ali Khadivi, Ph.D

Current Perspectives in Assessment
of Psychosis

Ali Khadivi, Ph.D. has been practicing clinical and forensic psychology since 1991. He is board certified in assessment psychology and a fellow of the Society for Personality Assessment. Dr. Khadivi is a professor of psychiatry and behavioral sciences at Albert Einstein College of Medicine in Bronx, New York. He teaches clinical and forensic psychological assessment in multiple hospitals and university settings. He has conducted numerous national and international workshops on evaluating psychiatric disorders. He co-authored a book titled; Assessing Psychosis: A Clinician Guide.

Maria Fiorella Gazalle, Psy.D

Efficacy of the Rorschach test in the
diagnosis of psychosis by assessing the
quality of perception and thought disorders

Maria-Fiorella Gazale, PsyD, is a psychologist psychotherapist, head of the Psychological Assessment Service at the Santi Paolo and Carlo University Hospital, contract lecturer at the University of Milan, expert witness for the Criminal and Civil Courts, founding member CSIRA (Comprehensive System International Rorschach Association), IRI (International Rorschach Institute), IRPSI (Rorschach CS and Integrative Multimethod Assessment Institute), Italian delegate for ISR (International Society for Rorschach and Projective Methods), collaborator of the Rorschach Workshops Foundation for the development of the Rorschach Comprehensive System Revised.

Joni L. Mihura, Ph.D

Charles Manson's 1997 Evaluation: The
Rorschach in a Multimethod Approach to
Assess for Schizophrenia

Joni L. Mihura, Ph.D., ABAP is a professor at the University of Toledo specializing in assessment, psychosis, and test validity meta-analyses. She is a codeveloper of the Rorschach Performance Assessment System (R-PAS) and previously served on John Exner's Research Council.

DISCUSSANT

Luciano Giromini, Ph.D.
Discussant

Luciano Giromini, Ph.D., is associate professor at the Department of Psychology, University of Turin, Italy, and is currently the coordinator of the Evidence-Based Psychological Assessment research team of the University of Turin. He is an expert in interdisciplinary research aimed at deepening our understanding of the psychological processes underlying the production of Rorschach responses, using various techniques borrowed from neuroscience and psychophysiology. He is also associate editor of the *Rorschachiana* and consulting editor for several assessment journals, including *Journal of Personality Assessment* and *Psychological Assessment*.

MODERATOR

Odile Husain, Ph.D.
Moderator

Odile Husain, Ph.D., is a Founding Member of the Institute of Projective Psychology in Montreal (Canada) and is currently in charge of the only existing postgraduate program in projective techniques in the province of Quebec (a 5 year training course). She has completed several mandates as Member-at-Large, Secretary General and 1st Vice-President of the International Society for the Rorschach and Projective Methods. She is also a Fellow of the American Society for Personality Assessment. She has trained psychologists in her approach in different parts of the world.
